**The Electric City Conservatory and Flower Farm** have been selling flowers and gifts in the heart of Great Falls since 1984. A proud Montana owned and operated business owned and operated by Gary Petrini, the professionals at ECC thrive on helping their clientele create beautiful and inspirational gardens, and by providing top quality plant material and gifts. Now, several decades later, the business has grown to three locations. ECC and Flower Farm specialize in floral arrangements, annuals, perennials, houseplants and gifts for the inspired gardener. They are one of the largest greenhouse businesses in Great Falls, carrying brand names such as Burpee vegetables, Proven Winners, and Simply Beautiful.

The Electric City Conservatory floral shop has many professional consultants that will help steer you in the right direction with your arrangement choices. Whether you are looking for the latest trends or the timeless traditional bouquet, the staff at ECC will be knowledgeable, helpful and full of creativity. Call or stop by for holiday, birthday, wedding, as well as condolence arrangements. The company offers several choices for wedding bouquet packages, all beautiful and awe-inspiring. ECC is also a member of FTD.

The Flower Farm locations are geared toward the outdoor gardening enthusiast. Along with the top quality annuals, perennials and vegetables, these locations carry a plethora of gardening tools and gifts. Find seeds, vegetable sets, fertilizers, soil and amendments, mulches, and garden tools as well as pottery and birdbaths. A great selection of beautiful and colorful annuals and perennials will fill the planter of your choice. And the on-site plant design experts will certainly help you design your containers with your favorite colors and textures.

The folks at Electric City Conservatory and Flower Farm call themselves “The Best in the Bloom’n Business”. Stop by one of their locations next time you are in Great Falls to see what the locals are talking about. The three locations are: Flower Farm - 1500 5th Ave. SW, Flower Farm - 1825 Hwy 28 S., and Electric City Conservatory - 1413 5th Ave. N. in Great Falls.
